Our purpose is a singular statement that defines what we do and why we do it. Our purpose has been defined and agreed as:

'Working Together For Children'

Support

Thank you to parents / carers with children in Reception who attended our Stay and Play session so our children could show off their fabulous learning environments 🌟🌟

Routines established ✨

Settled start 💖

Calm and purposeful 😊

🌸 Reception children have shown great togetherness this week. After learning about Autumn, they worked together to collect fallen leaves. Then today we used them to do leaf printing 🌸

2MW have worked successfully in small groups today. Each group had a landmark to research using videos and books. Each group then showcased the facts they had discovered about either Big Ben, Tower Bridge or the Tower of London. Ask them about it 😊

Who doesn't love a good story?
Reading together, daily, can have a huge impact on your child 📖
We love to support developing reading, so if you would like help, please ask your child's teacher 📚

Year 4SD loved their science lesson this afternoon. We explored the function of our teeth within our digestive system and conducted an experiment to explore how our teeth, grip, rip and chop food to break it down to start digestion. We then got to try some of the different fruits, thinking about how our teeth work with the different textures.

Respect

As part of our diary writing cycle, today's Y6 experience day involves exploring whether life in the WW1 trenches was truly all doom and gloom and we're currently engaging in a game of Ludo to reflect on moments of camaraderie and respite amidst the hardships.

Y5 had a fantastic experience at the mosque yesterday as part of our RE lessons. Thank you to Jamia Masjid Almadina Mosque on Waterloo Road for being so accommodating and informative!
